Measurements					
	Cabinet #1	Cabinet #2	Cabinet #3	Cabinet #4	Cabinet #5
Room Name					
Height (In inches)					
Length					
Depth					

*Height – From floor to highest point on radiator

Length – From Right side of Radiator to Left side, please include any pipes in overall measurement

Depth – From bottom of the baseboard or wall outward to the furthest point on the radiator

Cabinets will be approximately 1 ½ to 2 inches larger in all directions than these measurements to allow for air circulation and the cabinet itself to fit around the radiator.
